The inclusion of MS-students in research projects of local Communities

Elena Zair-Bek
Department of Pedagogy
Al.Herzen State Pedagogical University of
Russia
St.Petersburg – Kuopio 29.10.2013

Examining situations helps uncover what is truly needed, and leads toward future improvement.

The general theme: “Education and the development of the modern school students in the local community of cities».

The purpose of the projects:

Getting a new knowledge about what opportunities there are in the city for positive socialization of school students and the challenges faced by young people of the city.

Areas of research

1. **Portrait of a modern urban teen**
2. **A child's social environment.**
3. **Inequality in quality education**
4. **Support a healthy lifestyle for children in the city school**
5. **Activating the role of children in the cultural environment of the city**
6. **A child on the Internet - the problem of education and protection.**
7. **Teens in urban natural and man-made environment**
8. **Teenager in difficult situations**
9. **School and parents: new forms of relationships**
10. **Community schools: best practices interaction between the school and the local community.**

How to organize research

- **Studies suggest getting data at regular intervals to identify the dynamics of change that occurs in the lives of adolescents.**
- **Projects determine annual research tasks that are included in the curricula of graduate**
- **The results are presented as a cooperative research projects.**
- **Some of the undergraduates have it as part of the thesis . In this case, it is protected as a personal research project**

The organization ensures the continuity of research studies, their suitability for the practice of working with children in local communities

In any country of the world, children who grow up in a big city, have similar features

Collective portrait of a teenager - a resident of the metropolis

Survey: teachers, parents

Projective tests, the essay "Self-Portrait»
:
students 12-13 years

How to get Information on a Person

A child's social environment- Children's neighborhood
